We can offer the 2 slots to the IOAA (e.g., Kacee and Tom, or Kavlock and Maureen). Will send a note on Monday to Kacee and Maureen to see who, if any, of the IOAA wants to go. They will have to decide who - maybe by cage match?

So far, we have 5 from OLEM and 2 from CPSC. And me. We can take 10 total.

Would like to go but it will be my second day back in the office after several days out. I think I should pass. This will also free up a spot for others.

Hi again,

Here is an update on the May 12 tour. Let me know if you want to attend. I would like to hear back from you before asking others in ORD. The tour is currently scheduled for 1 - 3:30. OLEM is considering renting a van.

We have been given 10 slots by the company. So far, here's the list of probable attendees:

OLEM

Kathleen Salyere - ORCR Deputy Office Director
Charlotte Mooney - Deputy Division Director
Nicole Villamizar - Branch chief (she'll back out if we need the slot)
Chris Carusiello - staff
Ksenija Janjic - staff

CPSC

Eric Hooker (hopefully)
1 chemist (maybe)

ORD

me (I think I have to go)

Within ORD, Tom, Kacee, Bob K, and Maureen have all expressed interest but as we know, their schedules can change.

Let me know if you want to attend.

Jackie
